

Child Care Health Consultant Services

Child Care Aware® ensures that all modalities of child care programs have access to services that promote a strong healthy environment. Child Care Aware® employs a part time Registered Nurse who provide health consultancy services that support child care providers throughout Steuben and Schuyler Counties. The services provided include, but are not limited to;

- Assisting providers and programs in complying with regulations pertaining to the health care plan requirements for the administration of medications,
- Providing trainings which enhance the professionalism of each provider's program,
- Acting as a resource person for questions regarding the growth and development of infants and toddlers and for the care of mildly-ill-children.

These services can be provided by contacting Jennifer Bliss at blissi@proactioninc.org or by scheduling an onsite visit to the program. All licensed, registered, prospective and legally-exempt providers/programs are eligible for health consultant services.

Other health care resources that may be available to the child care community include but, are not limited to;

- NY State of Health The Official Health Plan Marketplace-Low cost quality health insurance options, can be reached at 1-855-355-5777 or <http://www.nystateofhealth.ny.gov>
- Rural Health Network- coordinates information, services and planning around local health care needs to promote better health care services in rural America, 607-776-9467 ext. 226 or click on the following link <https://www.ihsnet.org/ihs-services/steuben-rural-health-network/>
