

# Early Literacy Connections

Will the children in your child care program be ready for kindergarten? Will they develop the skills necessary to thrive? Research shows that children who receive structured, high quality learning experiences beginning at an early age are more ready to learn and begin school than children who lack these experiences.

Child Care Aware® of Steuben and Schuyler has the tool you need to start children on their journey of learning! Early Literacy Connections® is a literacy-based curriculum created for a multi-age setting.

Early Literacy Connections® is an easy-to-use curriculum with all the materials included! It is based on New York Learning Standards and aligns with the Head Start Child Outcomes Framework. All areas of child development from language and literacy to appropriate social and emotional skills are covered. Engaging activities supporting all levels of development for children in your program are included. If you would like to learn more, please contact **Hailey Friesema** at [hhaigh@proactioninc.org](mailto:hhaigh@proactioninc.org) This training and the materials are offered at no cost thanks to funding from United Way of the Southern Tier.
