PROGRAM DEVELOPMENT EVENTS

Class	Date/Time	Location
ACE Institute Level 101	Wednesday, January 21 st 5:30pm-8:30pm	Human Services Complex 323 Owego Street Montour Falls
This training aims to broaden our understanding of ACEs and their impact on young children, their families, and the field of early childhood education. The 101-level ACE institute Training for Child Care Providers and Educators is the first training in a series designed to broaden the awareness of the effects of ACEs on children. This is the foundational training in which providers will learn the basic brain science surrounding ACE research. In later training, providers will apply this knowledge and gain practical strategies for trauma informed practice in early childhood education and care.		

Training fee is provided at no cost to you by NYS Infant and Toddler Network. A \$7 registration fee applies.

Level: Introductory

Modality: All

- 3 Training Hours
- NYS OCFS Training Topic Areas: 10
- CDA Competencies: 3, 4

Winter Fun	Thursday, January 29 th 6:00pm-8:30pm	ICAN 11 Wilkes Avenue Bath
Worried that when the snow flies it will be even harder to meet the needs of your multi-age group and regulatory compliance of going outside daily? Come with ideas to share and put your brain to work challenging the children in all areas of development. We will create sample lesson plans that will keep all children engaged inside and out with a focus on winter fun. We will share some creative snack recipes that children can participate in making outside during snowy weather. We will also have a fun "make and take" that you can use in your program.		

\$75 training fee & a \$7 registration fee.

Class	Date/Time	Location
Spring Workshop: Responsive Relationships to Manage Behavior	Saturday, April 18 th 8:00am-2:30pm	ICAN 11 Wilkes Avenue Bath

In early childhood development, responsive relationships are defined as consistent, predictable, and reciprocal interactions between a child and a primary caregiver in which the caregiver notices, understands, and responds to the child's cues and needs in a timely and appropriate manner. Attunement, attachment, and empathy are additional characteristics of responsive relationships. These "serve and return" interactions are fundamental to healthy brain development and form secure emotional bonds. When responsive relationships are present in quality environments, challenging behavior is minimal. Join us to understand what responsive relationships are composed of as part of your daily interactions. We will explore how your environment and materials enhance these responsive relationships and what practices will ensure children feel safe and connected to your program.

PROGRAM DEVELOPMENT EVENTS

Class	Date/Time	Location
Physical Activity Learning Sessions	Saturday, May 16th 8:00am-2:30pm	ICAN 11 Wilkes Avenue Bath
PALS is an "out of the box" training designed to give early care providers a solid knowledge base of best practices for physical activity. The PALS content addresses physical activity for children birth through age five years. The goal of PALS is to support practice and policy changes in Early Care and Education (ECE) programs. PALS combines content learning with facility-level self-assessments, policy development opportunities, resources, and materials, to support practice change in ECE programs, leading to healthier, more active children.

- CDA Competencies: 6
- Core Body of Knowledge: 1

Register by scanning the QR code or call Laura Hapeman or Rachel Hurd

Location

ICAN
11 Wilkes Avenue
Bath

The Learn the Signs. Act Early. (LTSAE) program aims to improve early identification of developmental delays and disabilities, including autism, by facilitating family-engaged developmental monitoring and promoting developmental screening so children and their families can get the services and support they need at the earliest age possible. Join us while we discuss developmental milestones from ages 2 months through 5 years and the resources to provide the best support for young children.

Have you begun to develop outdoor activities for when the snow arrives? Come prepared to share some of your favorite outdoor activities that you will be conducting during the upcoming months. We will be reviewing regulations regarding programming and outdoor time. Plus, experiencing activities that are fun, engaging, and help children achieve developmental milestones.

Provided at no cost to you by NYS Infant and Toddler Network. A \$25 registration fee applies

Level: Introductory

Modality: All

PROGRAM DEVELOPMENT EVENTS

Class	Date/Time	Location
Together We Grow: Families, Caregivers, and Early Learning	Thursday, December 17 th 6:00pm-8:30pm	ICAN 11 Wilkes Avenue Bath
A child starts learning from Birth. Building healthy relationships is the foundation for learning to begin. Responsive relationships need to include the child's family as well as caregivers. Respecting the diversity of each family will lead to understanding values and the culture that brings uniqueness to every child. How is this accomplished? Attend this event to learn and grow together!		

Provided at no cost to you by NYS Infant and Toddler Network.
A \$7 registration fee applies.

Health & Safety

Bath: Health and Safety Training: Competencies in Child Care for Day Care Center, School-Age Child Care, and Enrolled Legally Exempt Group Directors.

Level: Advanced

Modality: DCC/SACC/LE Directors

This is a three-part series class. Attendance is mandatory each day during the series. Courses will be held on the dates below. Additional dates may be added if needed.

02/23, 02/24 and 02/25/26@11 Wilkes Avenue, Bath, NY 9:00am-4:00pm
08/24, 08/25, and 08/26/26 @11 Wilkes Avenue, Bath, NY 9:00am-4:00pm

This is a mandatory three-part series class for all new directors or existing directors who will be listed as a director on a new license. Participants must attend the entire series. Directors are responsible for hiring, training, and maintaining staff who provide a healthy and safe environment for children. This course will help directors look at policies and procedures that reinforce high-quality health and safety practices.

- NYS OCFS Training Topic Areas: 1, 2, 3, 4, 5, 6, 9
- Core Body of Knowledge Competencies: 1, 4, 5, 6, 7
- May be used toward CEU requirements for CDA and credit by evaluation for NYS Credentials.
- ICAN, Bath
- \$250 Training Fee 15 Training Hours
- 1.5 CEU

We can also provide this event at your program with a minimum of 4 participants. Contact Liz Ryder at 607-776-2125 ext 7107 or rydere@proactioninc.org

Services Provided by Child Care Council Education Specialists Include:

Basic Technical Assistance (BTA)

This service is provided to the child care work force, trainers, stakeholders, registrar/licensor, and parents. It can be accessed through phone, email, or face to face. Basic technical assistance services consist of but are not limited to, support with child development information, programmatic implementation, business management, regulatory compliance, and training follow-up. This service does not require a site visit and is less than one hour in duration.

Intensive Technical Assistance (ITA)

This service is provided to the child care work force and can be accessed through phone, email, or face to face. Intensive technical assistance services must be delivered face to face and consist of but are not limited to, support with child development information, programmatic implementation, business management, regulatory compliance, and training follow-up. Intensive technical assistance must be an hour or more in duration. The outcome of ITA is increased program quality as evidence through various evaluations.

Ongoing Technical Assistance Services

This service is provided to the childcare workforce and can be accessed through phone, email, or face to face. Intensive technical assistance services must be delivered face to face and consist of but are not limited to, support with child development information, programmatic implementation, business management, regulatory compliance, and personalized on-site training. Intensive technical assistance requires an individual or program to commit to ongoing support services (monthly for a minimum of three months).

Early Literacy Connections

Will the children in your care program be ready for kindergarten? Research shows that children who receive structured, high quality learning experiences beginning at an early age are more ready to learn and begin school than children who lack these experiences.

Pro Action Child Care Council has the tool you need to start children on their journey of learning! Early Literacy Connections© is a literacy-based curriculum created for multi-age settings. Early Literacy Connections© is an easy-to-use curriculum with all the materials included! It is based on New York Learning Standards and aligns with the Head Start Child Outcomes Framework. All areas of child development from language and literacy to physical health and wellness are covered. Engaging activities supporting all levels of development for children in your program are included. To schedule this opportunity, contact Lisa Barrett. 607-776-2125 x 2117.

Offered at no cost thanks to Funding from United Way of the Southern Tier.

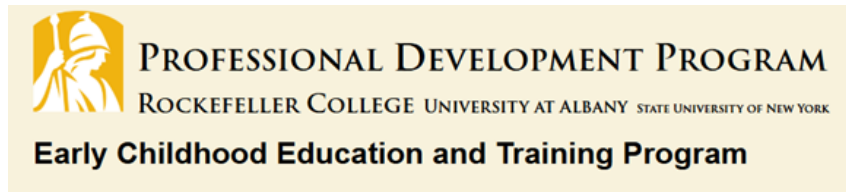

Pyramid Model Training

The Pyramid Model is focused on building positive relationships, developing supportive and nurturing environments, teaching social skills, empathy, and emotional vocabulary, and providing individualized supports when needed.

Contact Liz Ryder for more information at 607-776-2125 x 7107, or rydere@proactioninc.org

We would like to recognize professional development sponsors, funders and partners.

*Disclaimer: Fees and funding sources are subject to change. Pro Action Child Care Council will provide information pertaining to any additions or changes in the Pro Action Child Care Council newsletter, Pro Action Child Care Council webpage, Child Care Assistance and CACFP reimbursement mailings, Teletask, or via email.
